EDUCATION

Indiana University, Bloomington

2026

Bachelor of Science, Security Informatics, 2.7 GPA

PROFESSIONAL EXPERIENCE

EXOS | Indianapolis, Indiana

05/2025

Cybersecurity Intern

I helped manage and support cybersecurity tools for over 40 clients, assisted the security team with resolving support tickets and monitoring incoming threats on client endpoints. I also provided on-site technical support to remediate endpoint issues, contributed to automating monthly cybersecurity reports, and worked hands-on with platforms like Microsoft Entra, SentinelOne, Avanan, DNSFilter, and others to ensure clients maintain a strong security posture.

Biddle Hotel | Bloomington, Indiana

03/2024

Front Desk Staff

I performed several tasks at the Front Desk: check-in guests, check-out guests, assisted with housekeeping during busy weekends, solved any issues a guest may have, and provided a welcoming first impression for new guests staying at the hotel.

Best Buy | Fort Wayne, Indiana

10/2022

Sales Advisor

I assisted customers in my department. I gave helpful thoughts and remarks to guide customers into making better decisions on what they need. Introduced several of Best Buy's services that they offer, such as credit cards and memberships. Ensured the sales floor in my department was kept clean and professional.

PROJECTS & EXTRACURRICULAR

Teaching Assistant @ IU

05/2025

As a teaching assistant, I led weekly lab sessions for groups of 10-15 students, providing hands-on support and reinforcing key course concepts. I regularly attended lectures to assist with student questions in real time and collaborated with professors to develop projects and homework ideas. Additionally, I held virtual Zoom help sessions three times a week to offer students flexible academic support outside of class hours.
